

## Message

AMR-APARD is the State Institute of Rural Development of Andhra Pradesh, an apex training body for Panchayat Raj and Rural Development Departments. The Institution was started in the year 1954 as "Development Officers Training Centre". It went through several stages of evolution before becoming the well known institution "AMR-APARD" today.

In addition to the regular training programmes it conducts for Rural Development and Panchayat Raj functionaries, APARD has recently introduced 3 month courses in Decentralized Planning & Rural Development and Natural Resource Management. It publishes a monthly magazine and transmits capacity building content over TV in collaboration with SAPNET. AMR-APARD aspires to become a Rural University to develop graduates in Rural Development.

AMR-APARD has, for the first time, brought out a training calendar for the year 2009-10. The calendar contains a well balanced mix of capacity building programme for Panchayat Raj Institutions, Rural Development Institutions, Revenue functionaries apart from many gender related programmes.

I wish AMR-APARD many years of effective service in the cause of capacity building for Rural Development.

  
**K. Raju, I.A.S.,**

Principal Secretary to Government (RD)  
Panchayat Raj & Rural Development Department.

Place : Hyderabad  
Date : 20.02.2009

## Foreword

AMR-APARD is bringing out an annual training calendar for the first time. Co-operation of many departments and the vision of the Heads of various centres in AMR-APARD has made this publication possible.

The publication of this calendar enables the participating departments to plan their year ahead and make relief arrangements for their officers deputed for the training well in advance.

We also request the participating departments to avoid planning training programmes not included in the calendar. APARD can make class rooms, lodging and boarding arrangements only for the programmes listed in the calendar.

APARD is aiming at introducing more and more long term courses for developing professionals in the field of rural development. We hope the year 2009-2010 will see many of these dreams come true.

I thank Sri. K. Raju IAS, Prl. Secretary to Government (PR&RD) for his support and for his kind message to this calendar. I also thank all the Centre Heads of APARD and Sri N. Vijaya Kumar and Sri M.A. Kumar Raja in particular for their effort in bringing out this volume.

**Phani Kumar, I.A.S.,**  
Commissioner, AMR-APARD
