Training Strategy

The programs conducted by TSIRD are a mix of Face-to-Face direct training and distance learning, which includes satellite based training, video conferencing and e-learning. TSIRD has adopted a multi-pronged training approach, which consists of Direct Training and Cascading mode of Training. This allows the trainings to reach out large number of people more effectively.

Direct (Face-to-Face) institutional training programmes at TSIRD's campus and at its 2 Extension Training Centres are arranged for all key functionaries. Direct training is imparted for a period of two to seven days.

Cascading Model of Training is adopted for bigger groups like Ward Members and other grass root level functionaries. Suitable trainers are identified, who may be NGOs, Retired Officials, or Elected Representative. These trainers are subjected to rigorous training at TSIRD in using participatory methodologies and they in turn reach out to larger groups of participants at various levels and train them. This mode of training works on the principle of Training of Trainers (ToT).
